

### Short term working from home ideas Year 3

If you are shielding for a short time (48 hours), while you wait for test results, these are some activities that will help you to keep learning. There are a mixture of online and offline tasks for you to choose from. You do not need to complete them all!

Should you require to self - isolate for longer than this, your class teachers will provide the work your class are doing via See Saw, with a daily message to keep you connected to your class.

You can complete your work and upload it on Seesaw or bring it back to school when you return. You can also contact your teachers via their class email.

BBC Bitesize is also providing some new daily challenges across the curriculum.
